Skillful, well-rounded, and enthusiastic Project Architect with 10 years of experience that brings a passion for creating innovative designs that meet project goals and exceed client expectations. I have worked in all phases of the architectural design process from start to finish in a variety of project types such as Institutional, Educational, and Mixed-Use.

Experience

Project Architect

Pfluger Architects, Austin, TX, 09/2022 – Present

VLK Architects, Austin, TX, 04/2021 – 09/2022

- Provided expert guidance to project owners, helping them define the programmatic, functional, and spatial requirements of new projects.
- Researched and implemented relevant building codes, zoning ordinances, and ADA regulations.
- Engaged and expertly managed multiple projects, juggling priorities and assigning tasks to junior staff to maximize productivity.
- Ensured seamless collaboration between all project disciplines by implementing an effective strategy for documentation management, file sharing, and building information modeling (BIM).
- Conducted thorough reviews of consultant drawings across multiple disciplines, ensuring design intent and accuracy.
- Implemented precise revisions based on consultant feedback and prepared construction documents for submission to the relevant Authority Having Jurisdiction (AHJ).

Project Manager

2401 Inc., Chicago, IL, 09/2013 – 04/2021

- Contributed to the design process of healthcare facilities, including assisted living centers, skilled nursing facilities, dialysis centers, and physical therapy facilities.
- Secured building permits from the Authority Having Jurisdiction (AHJ) by meticulously preparing and submitting comprehensive construction documents.
- Stayed informed of relevant codes and regulations, conducting research on the Americans with Disabilities Act (ADA) and local building codes to ensure compliance with the Illinois Department of Public Health (IDPH) and the AHJ.
- Maintained seamless communication with consultants from all disciplines, coordinating efforts throughout the design process to ensure a cohesive and successful outcome.
- Demonstrated versatility and resourcefulness by taking on Mechanical, Electrical, and Plumbing (MEP) tasks in-house for numerous projects.

Education

Bachelor of Architecture

Illinois Institute of Technology – Chicago, IL, 2007-2012
